Pimples Source of Great Danger

May be Means of Absorbing Disease Germs in Most Unexpected Manner.

The research laboratory of The Swift Specific Co. has collected a vast amount of information regarding the spread of blood diseases. In thousands of instances the most virulent types have been the result of coming in contact with disease germs in public places, and the apparently insignificant pimple has been the cause. It spreads with astonishing rapidity, often infecting the entire system in a few days.

It is fortunate, however, that there is a remedy to cope quickly and thoroughly with such a condition, and thanks to the energy of its producers the famous S. S. S. may not be had at almost any drug store in the civilized world. This preparation stands alone among specific remedies as a blood purifier. It is somewhat revolutionary in its composition, since it accomplishes all that was ever claimed for mercury, iodides, arsenic and other destructive mineral drugs, and yet it is absolutely a purely vegetable product. There are more cases of articular rheumatism, locomotor ataxia, paralysis, neuritis and similar diseases resultant from the use of minerals than from disease germs direct. These facts are brought out in a highly interesting book compiled by the medical department of The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga. It is mailed free, together with a special letter of advice to all who are struggling with a blood disease. Get a \$1.00 bottle of S. S. S. to-day of your druggist. It will surprise you with its wonderful action in the blood.

TO REBUILD CATTLE COMPANY RESERVOIR

Cutter, N. M., Feb. 17.—J. L. Hurt, of the Hurt & Linger Cattle company, has signed up a contract with the Renick Bros. of this place, to rebuild the large reservoir owned by them near Sulphur flat. This is the third time it has washed out and has been rebuilt. It is estimated it will cost \$7000 to rebuild. It is to be used for watering stock.
Lee Renick and his brother are moving their well drill machine to the Detroit ranch where they are to drill a number of wells for the Hurt and Linger Cattle company.
Nathan C. Smith, of Las Cruces, N. M., it is said, has been selected to fill the position of wagon and range boss for the Hurt & Linger Cattle company. Manager Gwartney, of the Hurt & Linger Cattle company, is still superintending the work of the yearling calves and he states they have weaned between 700 and 1000 this last month and in consequence his cows are in much better condition.
This vicinity has been visited by four days of slow rain and some little snow and as a result the range roads and trails are the only places safe to ride on account of the soft mud. Old ranchers say they have never seen so much wet weather in New Mexico as the past and present winter.

Alpine, Tex., Feb. 17.—J. B. Irving, of Alpine, has sold his Iron Mountain ranch near Marathon to S. P. Skinner and R. B. Byrum, of San Antonio, formerly of Waco. The deal includes 45,000 acres of good pasture land and Irving's herd of high grade Hereford cattle. The price paid was \$200,000. Mr. Irving's herd does not permit of his attending to this ranch in connection with his other extensive holdings.
W. F. McLaughlin has sold to J. P. Kennedy at a fancy price, 270 cows owned by him and Catter. He has also sold 150 cows belonging to R. Guthrie to L. W. Roberts, of Marfa, for \$35 a head.
J. P. Jackson has been summoned to Austin to give testimony before a legislative committee in regard to making more stringent regulations as to the cattle quarantine.

It is the intention of the company according to Mr. Gregg, to enter into the cattle business on an extensive scale.

James Decker, a ranchman of the Sulphur Springs valley, reports that the cattlemen in the valley are now preparing for the spring round up. Phoenix, Ariz., Feb. 17.—Henry Nebin is the most careless man in Arizona. Nebin is so careless that he lost his commitment to the Yuma county jail. About Thanksgiving Nebin got into some trouble at Bouse, in northern Yuma county, where he was engaged in mining. Nebin was given a short sentence in the county jail at Yuma. He offered to make the county seat without being escorted by an officer, and he departed, with his commitment.

After leaving Phoenix Nebin discovered that he had been "touched" for a bill-book containing \$20 in currency and his commitment. Knowing that he couldn't break into jail without the commitment, he returned to Bouse for another.

Whether he will again be trusted to go to jail unescorted is not certain.
